Due to the blended classroom settings, the following rationale was used to arrive at the totals above. (The Monthly Meal Counts, (items 1-4) should match and reconcile to the monthly claim submitted under contract # 06-2105-1J. However, due to the blended classroom setting, the HS/EHS meal summary amounts and reimbursment amounts will not match as we are reporting using the fixed percentage claiming method rather than the actual count)

Rationale by item number

- Total number of breakfasts served for all center based programs (actuals)
- 2 Total number of lunches served for all center based programs (actuals)
- 3 Total number of snacks served for all center based programs (actual)
- 4 Total of all meals served for center based programs (actuals)
- 5 Cash reimbursement received by CCOE after monthly claim is sent- (if amount is zero then reimbursement is still outstanding)
- Expected amount to be received by CCOE, rationale; multiply total amount to be received for all center based programs by the percentage of hs/ehs meals served (item 7)
- 7 % From Monthly CACFP Claim
- 8 HS/EHS meals served per month, calculation is total number of meals served for all programs (Item number 4) multiplied by HS/EHS % of all meals (item number 7)

INFORMATION MEMORANDUM

TO: Head Start and Early Head Start Recipients and Subrecipients

SUBJECT: Treatment of Rebates, Refunds, Discounts, and Similar Cost Savings

INFORMATION:

Head Start recipients receive a wide variety of rebates, tax credits, refunds, discounts, and similar cost savings that affect the net cost of goods and services or are received as cash payments, such as insurance proceeds and cash-back credit card rewards. Applicable credits are addressed in the Uniform Guidance at 45 CFR §§75.406 https://www.ecfr.gov/current/title-45/subtitle-a/subchapter-a/part-75#75.402, 75.403 https://www.ecfr.gov/current/title-45/subtitle-a/subchapter-a/part-75#75.453, and within the HHS Grants Policy Statement Attps://www.hhs.gov/sites/default/files/grants/grants/policies-regulations/hhsgps107.pdf? language=es> I-22, II-28, II-62, II-65, B-2. As defined in 45 CFR §75.406:

- (a) Applicable credits refer to those receipts or reduction-of-expenditure-type transactions that offset or reduce expense items allocable to the federal award as direct or indirect (F&A) costs. Examples of such transactions are as follows: purchase discounts, rebates or allowances, recoveries or indemnities on losses, insurance refunds or rebates, and adjustments of overpayments or erroneous charges. To the extent that such credits accruing to or received by the non-federal entity relate to allowable costs, they must be credited to the federal award either as a cost reduction or cash refund, as appropriate.
- (b) In some instances, the amounts received from the federal government to finance activities or service operations of the non-federal entity should be treated as applicable credits. Specifically, the concept of netting such credit items (including any amounts used to meet cost sharing or matching requirements) must be recognized in determining the rates or amounts to be charged to the federal award. (See §§75.436 https://www.ecfr.gov/current/title-45/section-75.468 https

The purpose of this Information Memorandum (IM) is to provide guidance on cost-saving measures and how the savings should be treated by the recipient toward the Head Start award. The IM (Information Memorandum) will also guide recipients in ensuring that direct and indirect cost reductions or cash refunds that relate to a Head Start award are reflected in the recipient's accounting practices, allocated correctly, and returned to the federal award appropriately. This IM (Information Memorandum) supersedes ACF-IM-HS-12-09.

Example of the E-Rate Program

The E-Rate program was implemented in 1997 by the Federal Communications Commission (FCC) and is administered by the Schools and Libraries Division of the Universal Service Administrative Company (USAC). The E-Rate program is intended to ensure that all eligible schools and libraries have affordable access to telecommunications and information services. Some Head Start and Early Head Start recipients are eligible for E-Rate program participation. Service discounts range from 20% to 90% depending upon local income and urban or rural location. In order to be eligible to receive support from the E-Rate program, Head Start entities must meet the federal and state definitions of elementary school. This means that the state must first consider these facilities to be schools and then USAC (Universal Service Administrative Company) will determine if Head Start schools in a particular state are eligible.

It is possible that some Head Start programs in a state will be able to meet both parts of the test and, therefore, be eligible for funding, while others will not. For example, a Head Start center that is not considered a school in a particular state is not eligible for funding even if the Eligibility Table indicates that Head Start facilities in that state are eligible. You should check with your state department of education https://www.usac.org/e-rate/applicant-process/before-you-begin/non-traditional-education-eligibility/ for more information on your status.

E-Rate participants have two payment options (exercisable at the participant's discretion) for their covered telecommunications and information services:

- The user pays only the non-discount portion of the telecommunications and information services
 cost to the service or equipment provider, who, in turn, seeks reimbursement from the E-Rate
 Program Administrator for the discounted amount.
 OR
- 2. The user pays their telecommunications and information services bill in full and seeks reimbursement payments for the amount of the discount from the E-Rate Program Administrator via the service or equipment provider.

Additional information can be found at the FCC https://www.fcc.gov/consumers/guides/universal-service-program-schools-and-libraries-e-rate and USAC https://www.usac.org/e-rate/ E-Rate sites.

Option 1 is recommended for E-Rate participants to fully realize the benefit of the program. This option allows the recipient to take the discounted amount before the transaction and maintain the savings in the current operations budget. If the recipient chooses to utilize option 2, the reimbursement is categorized as applicable credits. Applicable credits cannot be classified as program income and, as such, are not included in the total cost of a federal award. In these instances, the applicable credits must be credited to the federal government as a cost reduction (if received during the same project period as charges were made) or cash refund (if received after the project period in which charges were incurred has ended). Recipients should refer to the Program Support Center (PSC) guidance on returning funds/interest https://pms.psc.gov/grant-recipients/returning-funds-interest.html. For records and awareness, the recipient must provide the Office of Grants Management with a copy of the documentation submitted to PSC (Program Support Center).

Because of the diverse characteristics and accounting practices of recipient organizations, it is not possible to specify every type of receipt or reduction-in-expenditure that recipients may encounter. Using the table below as a guide, recipients must ensure that all direct and indirect cost reductions or cash refunds that relate to a Head Start award are reflected in the recipient's accounting practices and allocated to the cost of necessary Head Start goods and services. Please note, it is not the Office of Head Start's intention that changes be made to recipients' accounting systems or policies on the basis of this IM (Information Memorandum). Recipients may continue with current accounting practices for applicable credits if compliant with 45 CFR Part 75 https://www.ecfr.gov/current/title-45/subtitle-a/subchapter-a/part-75 and the generally accepted accounting principles.

INFORMATION MEMORANDUM

TO: All Head Start and Early Head Start Recipients

SUBJECT: Fiscal Year 2024 Monitoring Process for Head Start and Early Head Start Recipients

INFORMATION:

Section 641A </policy/head-start-act/sec-641a-standards-monitoring-head-start-agencies-programs>of the Improving Head Start for School Readiness Act of 2007 requires the Office of Head Start (OHS) to implement ongoing monitoring of all programs receiving federal funds. This Information Memorandum (IM) outlines the OHS (Office of Head Start) monitoring process for Fiscal Year 2024 (FY24) and shares the updated process to conduct Focus Area 1 (FA1), Focus Area 2 (FA2), and Classroom Assessment Scoring System (CLASS®) reviews.

During the FY24 program year, <u>CLASS (Classroom Assessment Scoring System)</u> scores will be used for Designation Renewal System (DRS) </designation-renewal-system> determinations as described in 45 CFR §1304.11(c) </policy/45-cfr-chap-xiii/1304-11-basis-determining-whether-head-start-agency-will-be-subject-open-competition>. As a reminder, from the spring of 2020 through spring of 2023, <u>OHS (Office of Head Start)</u> did not use <u>CLASS (Classroom Assessment Scoring System)</u> scores for DRS determinations due to the COVID-19 pandemic. 45 CFR §1304.17 </pd>
*/policy/1304-17-flexibility-head-start-designation-renewal-determinations-certain-emergencies> of the Head Start Program Performance Standards (HSPPS) allows <u>OHS (Office of Head Start)</u> the flexibility to make DRS determinations without one or more of the data elements required in 45 CFR §1304.11 in instances where a major disaster, emergency, or public health emergency makes some data elements unavailable. Since the public health emergency related to the COVID-19 pandemic has ended, OHS (Office of Head Start) can no longer utilize this flexibility.

FY 2024 Monitoring Reviews

Review Type	FY24 Implementation	Start Date
FA1 (Focus Area 1)	FA1 (Focus Area 1) reviews will be conducted through a virtual format.	October 2023
FA2 (Focus Area 2)	FA2 (Focus Area 2) reviews will be conducted using a hybrid model, which is a combination of on-site and virtual monitoring.	October 2023
CLASS (Classroom Assessment Scoring System)®	Grant recipients will have the opportunity to self-record and submit their own videos or request an on-site CLASS (Classroom Assessment Scoring System) review.	October 2023
Follow-up Reviews	Follow-up reviews will be conducted either inperson or virtually by the OHS (Office of Head Start) regional office.	Start dates will coincide with the end of the corrective action period.
Other	OHS (Office of Head Start) reserves the right to conduct special off-site or on-site reviews.	As needed

FA1 (Focus Area 1) Reviews

The <u>FA1</u> (Focus Area 1) review is an opportunity for grant recipients to describe their approach and plan for providing high-quality services to children and families. This focus area informs <u>OHS</u> (Office of Head Start)'s understanding of each grant recipient's foundation for program services, as they describe their approaches to staffing structure, program design and governance, education, health and family services, and fiscal infrastructure.

FA2 (Focus Area 2) Reviews

The <u>FA2</u> (Focus Area 2) review is an opportunity for grant recipients to demonstrate their effective implementation of high-quality services to children and families that meet Head Start requirements. This focus area broadens <u>OHS</u> (Office of Head Start)'s understanding of each grant recipient's performance and determines if programs are meeting the requirements of the <u>HSPPS</u> (Head Start Program Performance Standards), Uniform Guidance, and Head Start Act.

CLASS (Classroom Assessment Scoring System)® Reviews

Section 641A(c)(2)(F) </policy/head-start-act/sec-641a-standards-monitoring-head-start-agencies-programs> of the Improving Head Start for School Readiness Act of 2007 requires OHS (Office of Head Start) to assess the quality of teacher-child interactions using a valid and reliable observation measure. OHS (Office of Head Start) will continue to use the 2008 edition of the CLASS (Classroom Assessment Scoring System) Pre-K Teacher-Child Observation Instrument to meet this requirement.

For FY24, an updated process will be used to conduct <u>CLASS</u> (<u>Classroom Assessment Scoring System</u>) reviews. Grant recipients that are scheduled for a <u>CLASS</u> (<u>Classroom Assessment Scoring System</u>) review will have the option to self-record and submit their own videos for their monitoring review.

In some cases, grant recipients will not meet the criteria related to technology requirements and/or staffing resources needed to submit their own videos. If these criteria cannot be met or if other concerns are identified, grant recipients can request an in-person CLASS review.

All grant recipients will have the opportunity to attend information sessions specifically developed to discuss FY24 <u>CLASS (Classroom Assessment Scoring System)</u> options, including a group of sessions convened specifically for American Indian and Alaska Native grant recipients.

Scheduling

Each year, grant recipients are required to submit an accurate calendar of availability. The information is used to schedule monitoring reviews by OHS (Office of Head Start) regional office staff. The availability calendar also gives grant recipients a way to inform OHS (Office of Head Start) as to when their program is not operational and when children are not in session. Grant recipients should update their calendars immediately, as changes in program availability occur. Please note that OHS (Office of Head Start) is unable to accommodate requests to reschedule reviews. OHS (Office of Head Start) also reserves the right to conduct unannounced reviews at any time.

Grant recipients scheduled to receive a monitoring review in FY24 will receive a notification letter 45 to 60 days before the start of the event (depending on type of monitoring review). Grant recipients can expect a planning call with their assigned review coordinator to discuss their review. During the initial call, recipients may share their program's current service delivery options.

If you have any questions or concerns regarding the FY24 monitoring season, please contact your regional office.

Thank you for the work you do on behalf of children and families.

Sincerely,

/Khari M. Garvin/

Management Bulletin 23-06

Revised State Median Income Ceilings and Income Ranking Table for Fiscal Year 2023-24.

Early Education Division

Subject: Revised State Median Income (SMI) Ceilings and Income Ranking Table for Fiscal Year

(FY) 2023-24

Number: 23-06

Date: August 2023

Expires: Until rescinded

Authority: California Education Code, Sections 8208, 8210, 8211, and 8213.

Attention: Executive Directors and Program Directors of All California State Preschool Programs

Purpose

The purpose of this Management Bulletin (MB) is to notify California State Preschool Program (CSPP) contractors of:

- The revised Schedule of Income Ceilings to be used to determine families' income eligibility for CSPP for Fiscal Year (FY) 2023–24
- The updated Income Ranking Table to be used to determine a family's income ranking for purposes of enrollment priorities for CSPP based on income for FY 2023–24

This MB rescinds and replaces MB 22-05.

Policy

Effective July 1, 2023, CSPP contractors must use the revised Schedule of Income Ceilings when determining both initial and ongoing income eligibility for families in part- and full-day CSPP. Contractors must use the revised Income Ranking Table when determining enrollment priorities related to a family's income level.

Directives for Implementation

The following Schedule of Income Ceilings must be used for determining income eligibility for families initially certified or recertified on or after July 1, 2023. The schedule must also be used for determining maximum monthly income for 15 percent above the income eligibility threshold.

State Fiscal Year 2023–24 Schedule of Income Ceilings

Family	Family Yearly Income Ceiling (100% of SMI)	Family Monthly Income Ceiling (100% of SMI)	Maximum Monthly Income for 15% above Income Eligibility Threshold

Note: Pursuant to the California *Education Code* (*EC*), Section 8213(c), the State Median Income (SMI) for families of five (5) or more persons is calculated by multiplying the SMI for a family of four by the ratio for the appropriate family size used in the federal Low-Income Home Energy Assistance Program, and specified in federal regulations at paragraphs five (5), six (6), and seven (7) of subdivision (b) of Section 96.85 of Title 45 of the *Code of Federal Regulations*.

Effective July 1, 2023, contractors must use the revised Income Ranking Table at https://www.cde.ca.gov/sp/cd/ci/documents/incomerankingtable202324.xlsx when determining enrollment priorities for families. The revised Income Ranking Table is not provided for the purposes of determining eligibility for CSPP. Please note that this Income Ranking table goes to 100 percent of SMI (rank 100) and includes income up to 15 percent above the income threshold as well (rank 115). Because there are some cases where families are served whose income exceeds 100 percent of SMI in CSPP, the California Department of Education (CDE) has accounted for these situations in the updated table so contractors serving these families know how to prioritize them. As a result,

please pay careful attention to the income and family size of the family and those indicators on the chart, along with the applicable statute, regulations, and MB guidance that apply to enrolling children in those families.

Changes to the Child Development Management Information System

The updated SMI boundary for FY 2023–24 will take effect in Child Development Management Information System (CDMIS), beginning in the July 2023 CDD-801A Monthly Child Care Population report (CDD-801A) reporting period. The updated income boundaries will be reflected in the CDD-801A reporting fields for "Family Size" and "Monthly Family Income." Families that have been certified under a previous fiscal year's income rankings will continue to be able to be saved within the CDMIS.

Background

The *Education Code* (*EC*) Section 8213(c) requires the California Department of Finance to annually recalculate the SMI based on the most recent census data and pursuant to the formula set forth in *EC* Section 8213, and provide the calculations to the CDE. The updated SMI calculations are used to revise the income ceilings used to determine a family's initial and ongoing eligibility for services, as part of the certification and recertification process, and to update the Income Ranking Table used for determining priority for enrollment.

In accordance with *EC* Section 8213(a) and (b), for families to be eligible for CSPP services based on income, a family's adjusted monthly income must be at or below 100 percent of the SMI adjusted for family size. Notwithstanding any other law, *EC* Section 8208 provides that a part-day and full-day CSPP may provide services to children in families whose income is no more than 15 percent above the income eligibility threshold. However, no more than 10 percent of enrolled children can be from families whose income is within the 101-115 percent of the SMI bracket.

In addition, *EC* sections 8210 and 8211 require contractors to enroll families in priority order. The State Superintendent of Public Instruction adopts an Income Ranking Table, for purposes of determining enrollment priorities when the priority is related to a family's income level.

The *EC* sections 8210(a) and 8211(a) specify that the first priority for CSPP enrollment must be families with children who are receiving child protective services, or children who are at risk of abuse, neglect, or exploitation. Second priority for services is for children with exceptional needs/disabilities (as defined in *EC* 8205) whose family's income is below the income eligibility threshold. After the first two priorities, families must be enrolled following *EC* sections 8210 and 8211 and use the Income Ranking Table when enrollment priority is based on income ranking.
